# Congenital deafblindness and communication

## The magic of dialogue

---

---

### Dbl Communication Network Course

---

---

The course will focus on the dialogical dimension of human minds as it is reflected and used in daily communication and education of people who are congenitally deafblind. It will address more specifically the domains of:

- Culture
- Language
- Narrativity
- Trust
- Identity

As in previous courses, participants will be able to attend:

- Plenary lectures of scientists not related to the field of deafblindness
- Plenary lectures of the Communication Network members presenting the deafblind perspective
- Video analysis workshops following up the plenaries
- Free papers of the participants
